Ysgol Maesydderwen

2015 - 2020

---

#### Languages

- English – Native
- German – Basic (Early A1)
- Welsh - Intermediate

## Personal Statement

**Eager game programmer passionate about learning with 3 years of game development practice/experience whilst studying at Staffordshire University. Seeking experience to expand my knowledge of programming by creating immersive and engaging experiences for my future employers. Committed to learning new skills and utilising current ones to push the limits of what is possible and contribute to the repository of the gaming industry.**

## Hobbies & Interests

- I have been interested in programming for most of my life specifically within the gaming industry, always reading the latest magazines for new released and developer talks behind the making
- I enjoy travelling and am interested in working abroad so can see different parts of the world and experience living in different environments. Snowboarding has been a new interest which now blends in with my eagerness for travel as my sights are set upon the mountains.
- Music has made a great impact in my life as I practice guitar in my own time whenever I can. Metal music has been part of my life since I was little and has taken me to events such as Download which is an unforgettable experience
